### Thoracic Clinical Nurse Specialist:

Di Menzies	Telephone no: 01603 286396 (answer-phone)
Zoe Harvey	Telephone no: 01603 286396 (answer-phone)

Di and Zoe will be your key workers, providing you with help, support and information about your surgical investigations, treatment and care.

## **Your Oncology Team:**

<u>Consultants:</u>	<u>Secretary's telephone no:</u>
Dr Z Tasigiannopoulos	01603 286748
Dr P Gkogkou	01603 287813

Your consultant or a member of the oncology team (Medical specialists in treatment for cancer) will provide you with information about your chemotherapy and/or radiotherapy treatment and will monitor your progress and symptoms during and after treatment.

### Oncology Clinical Nurse Specialist:

Bev Knights Telephone no: 01603 287564 (answer-phone)

Bev will be your key worker and will provide advice and information before, during and after your treatment.

### Macmillan Support and Information Radiographers: Tel no: 01603 289705 (answer-phone)

The Radiographers are specialist trained staff who provide Radiotherapy treatments and can offer you advice and information during and after your radiotherapy treatment. During a course of radiotherapy treatment you are seen weekly in clinic to monitor your progress. This is an opportunity to discuss and manage any problems you may be having with your treatment and ask any questions that may have arisen.

## **Your Specialist Palliative Care Support Team:**

<u>Consultant:</u>	<u>Secretary's telephone no:</u>
Dr P Wilkins	01603 286162
Dr N Holtom	01603 286162
Dr C Barrie	01603 288969
Dr F Maher	01603 286162

### Hospital Specialist Palliative Care Nurses:

Monday – Friday 0900 – 1700 Telephone no: 01603 287227

The specialist palliative care team provide emotional support to you and your family, relatives or carers and advise and manage symptoms from diagnosis onwards. With your consent, you may be referred to the Specialist Palliative Care Team by a doctor or nurse in the hospital. Upon the receipt of the referral you will then be allocated a key worker. Your consultant or a member of the team will provide you with information about symptom control and advise on help and support available to you, while monitoring your progress.

### Hospital Breathlessness Service:

Anna Farrar Telephone no: 01603 287227

Anna is a Palliative Care Clinical Nurse Specialist who provides advice and support about how to manage breathlessness in a positive way. This will enable you to maintain or improve your quality of life and maybe allow you to do the things you want to.

## **The Big C Family Cancer Support and Information Centre:**
